

## Q1 2019 Timberland Factory Disclosure

This list includes active factories as of March 31, 2019. Although our supply chain sources may change from time to time, the list represents our best attempt to disclose all of Timberland's active factories as of that date. We believe, along with others in our industry, that factory disclosure and collaboration can create common standards and shared solutions – helping to advance global human rights in all of our factories.

The factories on this list include footwear (FTWR) manufacturers, our footwear leather suppliers (TAN); our direct-sourced accessories (ACC); our Timberland apparel (APP) manufacturers and those factories that produce for our distributors (DIS) and licensees (LIC).
